

Abacus, multiplying *luminescence*.

design Draw
terzani.com

Name
Abacus
large linear multi light pendant

Body | 7x5 - 8x10 spheres

Materials
brass | white glass

Finishes | Code

-  white canopy | brass
0V15S E8 B R 4D
-  brass canopy | brass
0V15S P4 B R 4D

Light source
120V ~ 50/60Hz

-  Built in Replaceable LED Module
7 x 3.6W
8 x 7.2W
12420 lm 3000K

dimmmable options

-  0-10V
PWM

Canopy

Used for centuries as the tool to both teach and communicate mathematics, the abacus was found in one form or another across the ancient world. At Terzani, we saw the beauty in the abacus' mathematical purity and clean, functional design. In the hands of Terzani's craftsmen, we've turned this inspiration into a new collection of modular pendant lamps whose flexibility allows for complex and beautiful configurations. Each module, or strand, of Abacus contains a custom set of round, hand-blown white glass which emit a soft and uniform light. And, as the original abacus was used to calculate everything from simple addition to complex formulas, we've retained the same scalability. Due to its customization, our Abacus light is just as suitable in a home as a commercial space, and its almost infinite configurations makes sure you always come up with the right solution.
